GET A JUMP START

JUMPTM

Starts 12V petrol engines up to 5L & 12V diesel engines up to 3L.

Jump to the rescue. Jump is a multi-function vehicle jump starter device designed for maximum user safety. The Jump design incorporates numerous patents making it the leading-edge product in its category. Seamlessly start 12v petrol and diesel vehicles and watercraft equipment, charge your mobile phones/tablet and run your 12v automotive equipment. The jump can also power up Wi-Fi routers during a mains outage. Built-in LED flashlight with flashing and emergency SOS functionality.

Quick Charge Mobile Devices

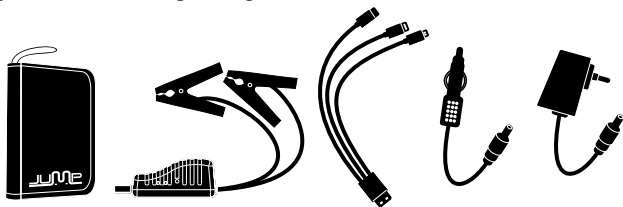

Special Boost Function

Assists in Jump Starting a Vehicle with a Dead Battery

4.8 Star Consumer Reviews ★★★★★
